

## MESSAGE

Teachers are the bedrock of Philippine society. In dedicating their lives to educating and uplifting the lives of the youth, they play a critical role in shaping the future of our nation.

Thus, on this **National Teachers' Month**, the Climate Change Commission pays tribute to all educators for their unwavering commitment to provide quality education to all Filipinos.

We thank our teachers for rising to the challenge of implementing blended education and other alternative teaching modalities to ensure the continuity of learning in the country amid the Covid-19 pandemic.

Moreover, we underscore the need to equip our educators with the knowledge, skills, and tools they need to meet the demands of distance learning and to address the needs of their students in the new normal.

Lastly, we vow to continue working with the education sector on accelerating the integration and mainstreaming of climate change and sustainability in the country's education system.

**SECRETARY EMMANUEL M. DE GUZMAN**  
Vice Chairperson and Executive Director  
Climate Change Commission
