

## Budgetary Thrusts, Priorities and Strategies for FY 2022

Pursuant to RA 9729, as amended, as well as other climate change-related laws, and consistent with the Administration's Development Agenda, the CCC is driven by the following thrusts, priorities, and strategies to navigate our country towards achieving a more sustainable, scientifically-aligned transition to a new normal anchored on green recovery:

- a. Integrated report on location-specific climate risks assessment;
- b. Commission Resolution on instituting quantified climate change adaptation and mitigation indicators;
- c. Commission Resolution and Joint Issuance establishing a climate change responsive Geospatial Analytics Platform (GAP) for science-based scenario planning (including policy on data sharing protocols and interoperability, among others);
- d. Consolidated report on sectoral climate change mitigation options and potentials;
- e. Commission Resolution and a Joint Issuance on distinguishing climate change-specific and climate change-responsive plans, to define their relationships, delineate roles and establish timeframe;
- f. Philippine's Nationally Determined Contribution (NDC) Strategic Implementation Plan;
- g. Legislative measures and policy recommendations for climate change adaptation and mitigation (CCAM), including the passage of an Anti-Single Use Plastics Law;
- h. Report on the adopted enhanced Local Climate Change Action Plans (LCCAP);
- i. Climate responsive national, local, and sectoral plans;
- j. Strategic communication plan and knowledge products of the CCC;
- k. Updated National Strategic Framework on Climate Change (NSFCC) and National Climate Change Action Plan (NCCAP);
- l. National Adaptation Plan (NAP);
- m. Pipeline of climate change-responsive investment programs and projects;
- n. Systems and strategies on resource mobilization for climate change-responsive investment programs and projects;
- o. Manual on the enhanced National and Local Climate Change Expenditure Tagging Program;
- p. Assessment report on the scope and impact of mainstreaming climate change policies and plans in national and local development processes;
- q. Quarterly and Annual NCCAP M&E progress and performance reports;
- r. National Monitoring, Reporting and Verification (MRV) System;
- s. Commission Resolution and Joint Issuance establishing an inter-agency shared M&E system for climate change-responsive development interventions; and
- t. Provision of technical and secretariat services to CCC and associated bodies.
